NUMBER 11

ALBANY LIONS club's football dinner will begin at 7 p.m. tonight at Cerrito City club in El Cerrito. This is the 11th annual such affair paying tribute to the AHS varsity football players.

ALBANY MUNICIPAL Employees association's third annual dinner is this Saturday at the Cerrito City club. You're well come to attend. Tickets are \$3, available at City Hall or at the door. Social hour, 7 p.m.; dinner, 8 p.m.

FRED LENNOX of Lennox photo shop was thrilled the other day to see a photograph he took more than 30 years ago of the founder of Cutter Laboratories as perfect as if he had taken it yesterday. He took the shot of Mr. Cutter standing beside an old Chalmers auto. The gold-toned photo is framed in mahogany and is the only picture in the lobby of the laboratory. Fred used an old post card camera.

ALBANY'S POPULATION has reached 17,600, according to a special population estimate requested by City Council. This is an increase of 1,100 over 1962 and an increase of six and a half per cent. Jim Turner advised Council members last night.

ALBANY'S increase in population will result in an annual revenue increase to the city of \$10,000 to \$12,000.

SORRY TO HEAR Albany is losing Paul and Bea Nathan, who have been residents for 29 years. They are moving to Oakland Dec. 15.

ON THE POLICE bulletin was a report of a man trying to get his wife to take LSD. She called police to get him out of the house. They did, then arrested him for being under the influence of liquor. Reminds us of the craziest LSD report we've heard. They admitted this guy

Grand Opening of Lucky 13 Steak House Next Tuesday

The long awaited grand opening of the Lucky 13 Steak House will take place on Tuesday, Nov. 29, with the hof brau lunch to be served from 11 a.m. to 4 p.m., Monday thru Saturday, and dinner served from 4 p.m. to 9:30 p.m. Tuesday thru Saturdays, and from 2 p.m. to 10 p.m. on Sundays.

The decor is reminiscent of Las Vegas eating spots, with walls of brick and wood paneling, and partitions of pressed fiberglass and wood paneling separating lunch and dinner areas from the attractive bar, with the whole illuminated by a sectional floating ceiling featuring recessed colored lights.

P&Z Grants Two Requests For Permits

Albany's Planning and Zoning Commission granted two requests for use permits at the meeting Nov. 15.

The first was for a front setback at 827 Hillside, requested by Dr. Paul Gan.

Second was a request for a home occupation use permit at 946 Talbot requested by Conrad Dyer for the purpose of printing and selling printed materials.

After the reading of notices from City Council that P&Z denials of permits for the convalescent hospital at Brighton, Kains and San Pablo and to Carol Wolf for a home occupation at 914 Peralta had been reversed by Council action, H. F. Call questioned the point of coming to commission meetings. Chairman Carl MacWilliams said he did not approve of such actions either.

Call wondered why the San Pablo street lighting program had not been brought before Planning and Zoning commission for recommendations. William Johnson said possibly more problems would be involved in the Solano Avenue project and that they might ask P&Z advice. Administrative Officer James B. Turner reported that within a short time there will be plans for overall citywide beautification to be discussed because Urban Renewal Funds are not available without a program.

We're thankful for our blessings, Lord. That thou so generously give to us. We're thankful for the food we eat. The clothes we wear so fresh and neat. We thank thee for our homes so warm That keep us safe from winter storm. We're grateful for our families dear, Parents, brothers, sisters sincere. We're thankful for our pets as well; For this good land wherein we dwell. For soil so rich and trees so high, For lakes and streams and a bright blue sky. We thank thee for the birds that sing, We thank thee, Lord, for everything.

Twenty-Five Foot Community Tree On Rapid Transit Overhead To Be Lighted Wednesday, Dec. 7

Albany Chamber of Commerce has announced plans for a gala communitywide Christmas tree lighting ceremony between 6:30 and 7:30 p.m. Wednesday, Dec. 7 at the intersection of Solano and the Rapid Transit overhead.

A 25-foot tree, which is being financed by Albany clubs and organizations, will be set in place atop the BART overhead by the Albany Fire Department. On Dec. 7, the lights will be turned on during a program in which the

Albany High school's cappella choir, city officials and representatives of Bay Area Rapid Transit will participate.

Plans call for a 15-minute program by the choir, directed by Stephen Lehmer, followed by about 15 minutes of community singing of Christmas carols.

The Recreation Department is being asked to install the Nativity Scene prior to Dec. 7 so it will be a part of the holiday setting.

Rapid Transit officials have cooperated with the Chamber of Commerce in arranging for the Albany tree. The aerial structure through Albany is the first to be completed.

Christmas Home Decoration Contest Again This Year

Albany residents are urged to start planning their Christmas home decorations and to enter the contest which will be sponsored by Albany Jaycees again this year.

Prizes will be awarded in three categories: religious, Santa Claus and window decoration. Those

who received trophies last year will not be eligible to win this year. Bob McIntyre, Jaycee chairman, said.

The deadline for entering is 5 p.m. Dec. 17. Judging will be Sunday night, Dec. 18.

McIntyre said decorations do not have to be expensive or extensive. Originality will be the most important consideration.

Because trophies awarded last year proved so popular, it is anticipated that trophies will again be awarded by Albany Jaycees Ellis-Olson Mortuary and the Albany Times.

The first entry blank is published in today's paper. It will be reprinted weekly.

Christmas Coloring Contest Next Week

Youngsters are reminded that the ninth annual Christmas Coloring contest will be published in next week's issue of the Times.

Twenty-two panels will be sponsored by as many business firms. Three prizes will be awarded by each merchant: \$2 for the best artist five years old and under; \$2, six through eight years old, and \$2, nine through 11.

Deadline will be Friday, Dec. 23. Participating merchants ask that panels be brought to them rather than mailed.

American Savings, Loan President Visits Here

S. Mark Taper, president and board chairman of American Savings and Loan, visiting the Berkeley office, issued the following statement last Thursday:

"We hear a great deal about the present effect of 'tight money.' However, several misconceptions have arisen in regard to it. One of them relates to funds available for the housing market. American Savings has ample funds available for credit-worthy borrowers on quality residential property which represents sound values.

"During the first nine months of 1966, American originated loans of more than \$83 million in Northern California and is prepared to appreciably exceed that figure during the remainder of 1966.

"What American Savings believes is that, in some areas, there is an oversupply of housing. Thus, to bring the supply into balance with the need, we are not encouraging the building of new tracts of homes or apartment buildings in areas where the need does not exist.

"There is one aspect of this oversupply of housing, of course, that is benefiting the consumer. With the generally rising costs of labor, materials, and land, one can be sure that prices of new homes will increase next year and in years to come. Because of the unusual situation existing in the housing market, the person seeking to buy a house today will probably enjoy a great advantage in its purchase price—relative to what it will be in the future.

"From my own experience as a builder in Northern and Southern California, I can relate this actual fact: A home I built in the Long Beach area in 1941 that sold for \$3,000 is selling today for seven times its original sales price at \$22,500. The future appreciation of homes will be just

as dramatic, I am certain their value will rise with ever growing and expanding economy. . . .

"Coincidental with these reflections on cost, however, is the obligation to do our best in 'holding the line' against inflation. American Savings and Loan Association has been consistently supporting those policies of the Federal Home Loan Bank Board and other governmental agencies which are dedicated to accomplishing that end, and is continuing to heed the basic purpose for which the savings and loan association were founded: the encouragement of thrift and provision of funds for home ownership. By pursuing these goals for the past 100 years, the savings and loan industry now represents more than \$132 billion in assets, with 42 million savings accounts."

RONALD E. WIGGINS, formerly of Albany, has been transferred to Crocker-Citizens National Bank's Sacramento main office, and has been named a corporate officer of the bank with the title of assistant cashier. Previous to his assignment to Sacramento he had served as a senior field representative in the commercial loan department at the bank's administrative headquarters in San Francisco. A native of California, Wiggins was graduated from the University of California and then entered the bank's college graduate training program in 1962. After completion of that training later that year he was named a credit analyst in the credit department at administrative headquarters and served in that capacity until March, 1965, when he joined the commercial loan administration. Wiggins and his wife, Janet, lived at 733 Carmel.

ALAMEDA
TOT NAMED
THEME GIRL

A captivating young blonde miss—seven years of age—with twinkling, sometimes mischievous, blue eyes and a bright smile for everyone is the 1966 campaign theme girl of the United Cerebral Palsy Association of Alameda County.

"Happiness is Helping" is the fund-raising campaign theme and one look at this vivacious sprite would convince anyone that "happiness" and "helping" do indeed go hand in hand.

Her name is Nora Parker and she is the adopted daughter of Lt. Cmdr. and Mrs. Joseph R. Parker of Alameda.

In this country 25,000 babies are born each year with cerebral palsy and Nora Parker is one of them.

Yet it was this country's leading cripple of children that eventually led her to the notice of the Parker family.

Currently a communications officer aboard the USS Enterprise, Cmdr. Parker and his family were living in the San Diego area when they first discovered Nora.

In the pleasant Navy and resort community of Coronado they came upon her picture in a local paper.

The picture was a promotion for the cerebral palsy cause, but it also indicated that Nora was a ward of the California Children's Home Society.

"Her picture was very appealing," Mrs. Parker said recently. "We investigated and as a result she's been with us more than two years now."

A military transfer to Whidby Island, Washington, preceded the Parker family's present stay in the Bay Area, and it was because of Nora that Cmdr. Parker requested a transfer here.

"We decided it was time to investigate educational opportunities for Nora," Mrs. Parker noted.

Nora is currently a first grader at Oakland's Whittier School, an educational institution set up for he physically handicapped.

"It's been a great help and a good start for her," said Mrs. Parker.

At home, Nora has one sister and three brothers: Claudia, 11, Daniel, 9, Matthew, 6, and Patrick, 5.

During the past summer Nora was one of 70 physically handicapped youngsters enrolled in the Cerebral Palsy Center's Summer Program of recreation and therapy at the Center located at 4500 Lincoln Ave., Oakland.

The Summer Program is one of many programs and services sponsored by UCP of Alameda County for the 700 cerebral palsied children and adults in the county.

Thousands of marchers will be ringing doorbells on Sunday, December 4, to keep the Summer Program and all the other services of the CP Center going for another year.

Like Nora Parker they've learned that "Happiness is Helping."

Do-It-Yourself Darling from Texas
Is National March of Dimes Child

Donna Dill, a 5-year-old Texan who is most at home on her pony, has been named the March of Dimes National Poster Child for 1967.

Branded by friends as a do-it-yourself darling, pert and pretty Donna likes to be active and independent despite a severe birth defect.

Donna, who was born with an open spine (spina bifida), symbolizes the 250,000 American babies born with birth defects each year. The March of Dimes has helped her as part of its continuing fight against birth defects.

There was a time when the independent little miss wanted to sleep in her braces so she could get up by herself in the morning. She helps around the house by picking up her toys, helping mother with the dishes and cookie-baking.

Donna frequently visits her grandparents' ranch near Corsicana, 40 miles from her home in Hillsboro, Tex., to ride her pet pony Popsy.

When she's on Popsy, Donna's blue eyes sparkle and her blonde pony tail bounces up and down. Riding gives her a feeling of freedom—Donna needs no crutches when she rides.

But she can't walk without crutches, and her partially paralyzed legs are supported by braces every waking hour.

Donna's open spine was treated when she was 18 months old, and she has had four operations since. Her general health is good, and her doctor thinks she may be able to discard her right leg brace someday.

Popsy is not Donna's only pet. In fact she is surrounded by animals. Her 3-year-old poodle, Fluffy, is a favorite, and she keeps goldfish in a bowl in her room. Donna also finds time to play with a neighbor's kitten.

"I just like all animals,"

THE EYES OF TEXAS and the nation will focus on Donna Dill, 5-year-old miss from the Lone Star State, who is the 1967 National March of Dimes Poster Child. She symbolizes 250,000 American children born each year with birth defects.

she told her mother recently, "even snakes."

Donna now attends Sunday school and plans to begin public school next fall. This young lady will enter the first grade an accomplished and experienced traveler.

As the National Poster Child, Donna may very well meet President Johnson. During the January March of Dimes campaign tour, this 5-year-old charmer will make public appearances in about 20 cities from coast to coast.

There will be guest spots with the stars of television, motion pictures, and radio.

Along with Donna on this nationwide tour will be her parents, Mr. and Mrs. David J. Dill, both native Texans.

Donna's father is quite at home on the range. As a student in high school and college he roped calves in rodeos. He is employed today by the U.S. Department of Agriculture as the Assistant County Supervisor for the Farmers' Home Administration.

The National Poster Child's mother, Jo Ford Dill, is secretary of the Hill County (Tex.) Chapter of the National Foundation-March of Dimes.

A former majorette in college, she is teaching Donna to use a baton, but Donna's ambition is elsewhere. A true Texan, she wants to be a cowgirl when she grows up. She privately confesses, however, that she would settle for being a mother or a nurse.

School Children Will Enter 'Monster' Contest

Elementary school students in Alameda County schools are taking part in a drawing contest to create their impressions of "monsters" which cause disease. The contest is sponsored by the Stamp Out Sickness campaign, and children throughout the Bay Area are participating. The S.O.S. campaign, conducted by physicians of health departments and medical societies in eight Bay Area counties, urges immunization against measles, smallpox, mumps, polio, diphtheria and whooping cough. The children's drawings will be judged on a county basis, and prizes awarded for three age groups. The winners from the eight counties will go on to Bay Area-wide competition, and grand prizes will be awarded to the winners. The purpose of the contest, according to S.O.S. physicians, is

to increase awareness among children, and their parents, of the need for immunization against the six preventable diseases. The level of immunization against the diseases is much too low in the Bay Area, physicians say. Immunizations are available for all the diseases from private physicians or from county health department facilities.

Do you know EDITH?
You as a householder should become acquainted with this word.
EDITH means Exit Drills In The Home.
During the year 1965, 460 Californians died as a result of fire in their homes. Many of those who died were trapped because of failure to plan for a second means of egress. The Albany Fire Department urges all families to take part in EDITH drills. Some of the following procedures may be used by the families.

ALBANY POLICE have arrested more than 700 individuals so far this year.

ONE OF THE BIGGEST home burglaries we've had in Albany was the Nov. 15th burglary of the home of Ernest E. Wood of 1053 Pomona. Someone broke in

WE KNOW we'll have a tender turkey on the table this Thanksgiving, but there's another kind of turkey we'd almost rather have: three strikes in a row at Albany Bowl. After four months of bowling, we're still looking for a turkey.

House of Coliseum Complex Set Nov. 26-27

Officials announced the open house for the Coliseum complex for Saturday and Sunday, Nov. 26, 27, at the \$50 million complex.

In a statement, William A. Cunningham, general manager, said facilities will be open from 10 a.m. to 4 p.m. on both days with admission and parking free.

General concession stands will be opened so that the visitors will be able to secure food and beverage snacks during the open house. They are at the Coliseum. Children under 16 years of age must be accompanied by an adult.

Robert T. Nahas, Coliseum president, commented that "This open house is being scheduled so that the people will have an opportunity to view the Coliseum. I'm sure they will be as proud of it as we are."

Cunningham also suggested that it would be more convenient for both the public and the Coliseum staff if the former would attempt to "spread out the crowd" through an alphabetical separation. He suggests that people with last names beginning with A through F come Saturday from 10 a.m. to 1 p.m.; G through L on Saturday from 1 to 4 p.m. Persons with last names beginning with M through R on Sunday from 10 a.m. to 1 p.m. and S through Z on Sunday from 1 to 4 p.m. He noted that "We recognize all can't make the open house at the hours we have suggested and we welcome them when they can come. It will be helpful if those who can do so, come at the hours suggested."

At 11 a.m. on Saturday the Coliseum Complex will be officially dedicated. The public is invited to attend the ceremony on the plaza.

Nov. 25, will be Vice President's Night at Campus Recreation Center, 331 Independent Office Building. Vice Grand Marshal will preside at 8 p.m. at 410 Eleventh Street, Oakland. Principal business will be nomination of officers for the year. There will be a birthday party for members following the session.

Lt. (jg) and Mrs. N. C. Schwertman
(Marcia Jenne)

—Bob Lynds Photo.

The Base Chapel at Treasure Island was the setting for recent rites uniting in marriage Marcia Jenne, daughter of Mr. and Mrs. Arthur Jenne of 618 Masonic, and Lt. (jg) Neil C. Schwertman, son of Mrs. C. W. Schwertman of Ft. Thomas, Ky., and the late Reverend Schwertman.

Given in marriage by her father, the bride wore an empire gown of white silk linen with lace at the waist and on the panel train. She carried an old-fashioned bouquet of roses and stephanotis.

Maid of honor was Barbara Christensen. Bridesmaids were Mrs. Ennio De Pianto and Mrs.

Douglas Godshall. They wore empire gowns of shell pink lace and silk linen with green velvet ribbon at the waist. They carried old-fashioned bouquets of green ice gladioli and Bells of Ireland.

Best man was James Engle, brother-in-law of the bridegroom. Ushers were Ensign Jay Gillard and Ensign Raymond Scheerer.

A reception was held at Casa de la Vista on Treasure Island. The mother of the bride wore a jacket dress of pale aqua silk linen with corsage of deep pink baby roses. The bridegroom's mother wore a jacket dress of teal blue matelasse with corsage of pale pink baby roses.

Following a wedding trip across the United States, the couple is at home in New London, Conn., where he is stationed aboard the USS Tench (submarine).

The bride, an Albany High school graduate, received her BA from San Francisco State, where she was a member of Bib 'n Tucker sorority. She has taught second grade in El Cerrito two years. Her husband was graduated from the U.S. Naval Academy in Annapolis.

PHOTOGRAPHED during Open House at the remodelled Chamber of Commerce office, from left, are President Joe Dagna, Dr. Arthur Longpre, Mayor Richard Clark and Senator-elect Lewis F. Sherman. They were standing in the southwest corner of the directors' room, which has been paneled, carpeted and newly-furnished with a long table and upholstered chairs.

Open House Visitors Praise C of C 'New Look'

Those attending the recent open house at the renovated Chamber of Commerce were impressed by its modern new look.

For the past six months, President Joe Dagna, Directors Art Longpre and William Johnson, and Manager Neal Clarity have worked weekends installing a partition in the back room, paneled the directors' room in coral finish mahogany, building cabinets and laying carpets.

The front office has been painted white with gold burlap around the top of the walls, wicker furniture has been added, the counter was moved to the south and the window display areas were updated.

The directors' room features a 16 by 4-foot Burmese teak table with 18 chairs upholstered in chartreuse plastic. The carpet is green tweed and the drapes are a forest green.

Directors in charge of the open house were Ralph Hill, Irene White and Bill Garren.

Those who didn't attend the open house may drop in any time to see the improvements.

Notice anything unusual about this park?

Probably not. Trees, grass, benches all are standard equipment. But there is a difference—because underneath is East Bay Water's Fontaine Pumping Plant!

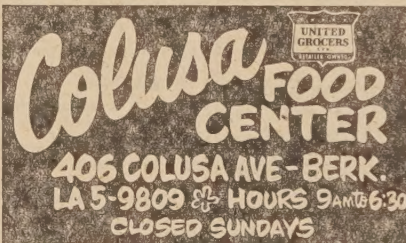

When East Bay Water determined that a pumping plant would be necessary for the growing East Oakland, San Leandro, San Lorenzo and Castro Valley areas, they built it into a hillside so it was nearly invisible. Then, for relatively little added cost, they turned the street-level roof into a garden.

The result? East Bay Water's garden-on-a-roof: one of our newest, nicest neighborhood parks (and one of the most unusual!)
